Dear Lake Shore Public Schools Community:

Lake Shore Public Schools provides an exceptional education for all 3,516 students in a safe and nurturing environment. Our students are empowered to excel in an evolving global society, supported by the collaborative effort of staff, families, and community.

Our guiding principles, Inspiration, Innovation, and Celebration, are woven into the fabric of everything we do and will be the focus of every update.

Featured Events

Free Clinic, Free Admission to Lacrosse Game Tonight
Come learn about the fastest growing sport in America, opportunities to play, and catch the action as the Shorians take on Cass Tech on Wednesday, May 22nd at 6:00 pm. Our free clinic will take place at 5:00 pm, an hour before the game, and is open to anyone who is interested in the sport. Coaches and players will be present to teach the fundamentals of the game as well as sportsmanship and teamwork. This fun, skill-intensive program is designed for all levels! Everyone is invited to attend this clinic and/or game with free admission.

At Lake Shore, we believe a balance of academics and athletics creates a well-rounded student. Students who participate in sports not only gain the benefits of living a healthy lifestyle, they also learn lessons about sportsmanship, leadership, teamwork, cooperation, respect, and knowing how to win and lose. To learn more about our Athletics Department, visit http://lakeshoreschools.org/athletics.

Class of 2019 Important Calendar Dates

The Class of 2019 and their loved ones will find it necessary to organize these important event dates into a calendar/planner or an app like Wunderlist/Trello.

This link provides information on T3 exams, spirit week, honors convocation rehearsal, cap/gown distribution, honors convocation, senior video presentation, graduation rehearsal, seniors last walk, elementary bus tour, and the commencement ceremony.

Mobile MD is Providing Sports Physicals
We are excited to announce Mobile MD is coming to Lake Shore High School! Mobile MD is a full service medical bus that will be providing sports physicals at the low cost of only $25 per student. They will be parked at Lake Shore High School on June 6th from 3:00-8:00 pm. Their professional, compassionate, and experienced medical staff will be ready to provide your child with the care and attention they deserve.

Summer School and Camp Information Released

Lake Shore acknowledges the importance of keeping kids learning, safe and healthy every summer, ensuring they return to school in the fall ready to succeed in the year. This is why we offer an opportunity for students to attend Summer School, SACC Summer Camp, Summer Culture Camp, KinderConnect and First Fundamentals Camp, Science Literacy Camp, and Math Mindset Summer Camp, Camp Invent. These camp experiences are making a life-changing difference in the lives of young people.

Inspiration

Commencement Marks New Beginning for MOCl Students

Seven students from the Class of 2019 graduated from the MOCl Special Education program. After our Band played Pomp and Circumstance, students received individual recognition from their senior mentors, spoke about their own favorite memories, listened to our Women's Chamber Choir sing, watched a slideshow highlighting the year's achievements, and were officially declared graduates with the moving of the tassel from right to left. Students looked beautiful, adorned in their graduation regalia, and celebrated this achievement with staff, friends, family, and cake. Congratulations Tyler Cranston, Malaya Anthony, William Moore, LeRoy Hannah, Hailee Schalm, Quinn Dominick, and Alan Martin!

Lake Shore Community Raised Over $4,125 for Brain Tumor Association
The Lake Shore team participated in the BT5K Michigan Breakthrough for Brain Tumors Run & Walk, an inspiring and fun event benefiting the American Brain Tumor Association. Our Lake Shore team supported our co-worker and friend, Emily Times! Emily was diagnosed with Glioblastoma earlier this year and is working with her team of doctors to treat her brain cancer. We all miss seeing Emily at school very much and we want her to know how much she is loved. She surprised everyone by making an appearance today!

Thank you, Lake Shore Community, for joining this team in support of Emily and the nearly 700,000 people currently living with a brain tumor. Because of your donations, we raised $4,125 to show her support and raise awareness for this great cause.

**Shorian Support for Special Olympics**

Special Olympics is a global movement of people creating a new world of inclusion and community, where every single person is accepted and welcomed, regardless of ability or disability. Lake Shore is helping to make the world a better, healthier and more joyful place by participating in Macomb County’s Area 14 Special Olympics.

Out of the 1,017 athletes, a record number of 16 MOCI and 15 MICI represented Lake Shore. Our students participated in several events including bocce, long jump, running, softball throw, and weightlifting.

Senior Leadership students volunteered their time and talents to coach, chaperone athletes at events, and became a cheer squad. They have been working with our Special Education population for several months and have formed bonds with their peers. In addition, our 16 members of our Athletic teams, from softball, track and field, football, and cheerleading, volunteered at the indoor and outdoor tracks and weightlifting events, too!

Thank you for increasing the public’s awareness of their capabilities and needs while providing loving support.
Innovation

Extending Classroom History Lessons at Mackinac Island

Elementary students from Masonic Heights, Rodgers, and Violet were able to step back in time, when life was much simpler by visiting Mackinac Island. Nestled in the Straits of Mackinac, with its rich beauty, Mackinac Island has earned the distinction as one of 2006’s Top Ten North American Islands by Conde Nast Traveler magazine.

While extending their classroom history lessons, students explored Colonial Michillmackinac, Historic Mill Creek Discover Park, stepped back in time with a Mackinaw Island ferry, toured the island in a horse drawn carriage, observed hundreds of butterflies in the Butterfly Conservatory, all while having an adventure of a lifetime!

Developing a Blended Learning Environment Starring Marshall

First Grade teacher Mrs. Culloty’s experience as a participant of Macomb 2020 has been transformational. Macomb 2020 is a professional development program designed to assist teachers in developing and facilitating a blended learning environment and help teachers personalize their instruction.
It begins with a decision to purchase a travel bug, a small metal tag with a code on it, linked to Geocaching. The travel bug was attached to Marshall, the adorable Dalmatian puppy from Paw Patrol, and its mission was to visit different Michigan schools. In the last month, Marshall has traveled from St. Clair Shores, to St. Clair, Caseville and Harbor Beach.

Room 13, located in Masonic Heights Elementary, has predicted how far he might travel and learned how to locate places on a map. They even calculated mileage. They are also gaining knowledge that they can directly apply to their State of Michigan unit in May. Using their Chromebooks and logs, students are making global connections with this collaborative, high-tech project.

For more information about Macomb 2020, visit https://www.macomb2020.net/about.html.

AP Computer Science and STEAM Added to Curriculum

Two new courses have been approved by our Board of Education for the 2019-20 school year.

AP Computer Science Principles offers a multidisciplinary approach to teaching the underlying principles of computation. The course will introduce students to the creative aspects of programming, abstractions, algorithms, large data sets, the Internet, cybersecurity concerns, and computing impacts. AP Computer Science Principles also gives students the opportunity to use current technologies to create computational artifacts for both self-expression and problem solving. Together, these aspects of the course make up a rigorous and rich curriculum that aims to broaden participation in computer science.
Elementary STEAM Special will provide a project-based learning opportunity for K-5 students centered around Science, Technology, Engineering, Arts, and Math. Experiences will include design-thinking, collaboration, research, presentation, and digital citizenship. The STEAM course will support the development of skills necessary to support a successful Lake Shore graduate. The special will be scheduled as part of the elementary "specials" programming.

Celebration

Courageous Shorians Take Oath of Enlistment

At the United States Military Enlistment Ceremony held on May 15th, 12 Lake Shore High School students were recognized: Jack LaPinta and Caleb Snell, Michigan Air Guard, Justin Chambe and Julia Munger United States Air Force, Christzian Caza and Nicole Lorenz, United States Army, Matthew Janowiak, Michael Paras, Alexa Radcliffe, Gavin Smith, Eukhy StaAna, Myuana Wideman, United States Navy. With May being designated as Military Appreciation Month, it is appropriate that they honor these students today. The whole intent of the event was to honor, serve, remember, recognize, and appreciate those who served, are serving, and will serve this great country as part of the military.

We celebrate the courage it takes to stand up and say “I will serve”. Thank you for your commitment to the protection and service of this great nation. We appreciate the fact our students are willing to enlist into our armed services, recognize that this means days away from home and family, blood sweat, tears, sacrifice, and challenges. We will remember you long after today, for whether in uniform or out, across the sea or across the street, you will forever be a Shorian. Thank you Staff Sergeant Jason Cook of the Michigan Air Guard, Technical Sergeant Jason Ingersoll of the United States Air Force, Sergeant First Class William Murray of the United States Army and Petty Office Second Class Jordan Greene of the United States Navy for representing their chosen branch of the military and to United States Lieutenant Iman Parirokh for administering the oath of enlistment. We also appreciate the War Memorial of Crosse Pointe for your representation at our event.
Lake Shore Athletes Sign Letters of Intent

Lake Shore High School's Athletic Department celebrated its college-bound student-athletes with a letter-of-intent signing day. As an opportunity for family and friends to share in the big moment, each coach attends as our Athletic Director, Mr. Hartley, gives a short background about the signee. Congratulations to the following 13 students:

- David Decruydt at Lawrence Technological University for Bowling
- Jaclyn Dietz at Alma College for Soccer
- Ross Dunkley at Tiffin University for Soccer
- Jacob Frogge at Indiana Institute of Technology for Bowling
- Christian Gaiera at Madonna University for Football
- Michael Gaiera at Madonna University for Football
- Malik Hill at Madonna University for Football
- Jessica Ludwick at University of Michigan-Dearborn for Bowling
- Anthony Marsiglio at Madonna University for Football
- Haley Marsiglio at Saginaw Valley State University for Cheerleading
- Melik Miner at Madonna University for Football
- Katie Ratledge at Indiana Institute of Technology for Softball
- Hannah Smigielski at Concordia University for Soccer

Recognizing our MMSTC Students
MMSTC's 27th graduating class consisting of 87 members, 8 being from Lake Shore, were offered $814,100 in scholarships as a whole. On April 23rd, they celebrated their accomplishments at Wyndham Garden in Sterling Heights at a Senior Dinner. Our own Lauren Livernois served as the Master of Ceremonies for the event. The following Lake Shore students have declared their major and selected where they will attend college:

Kianna Dixon, Environmental Science at Central Michigan University
Lauren Livernois, Chemical Engineering at University of Michigan
Jessica Ludwick, Criminal Justice at University of Michigan-Dearborn
Nathan Orlando, Biomedical Engineering at Lawrence Technological University
Dorothy Paulson, Software Engineering at Michigan Technological University
Elizabeth Stacheit, Physician Assistant at University of Detroit Mercy

Seniors Commit During National College Decision Day

May 1st was National College Decision Day. Lake Shore High School Seniors are ready to make a commitment by finding a post-secondary option that fits. Congratulations to the Class of 2019 for making this all-important decision. All 325 Senior soon-to-be graduates are featured on our Instagram account at https://www.instagram.com/mylsps.

Celebrating Early College of Macomb Graduates

The Early College of Macomb welcomed its first group of 11th grade students in August of 2010 and has been educating students from 21 Macomb County school districts for the past nine years. On May 3rd, the seventh graduation class of 13th year students celebrated at the ECM Graduation Ceremony by receiving their Associate Degree or Technical Certificate.
The ECM is a public, tuition-free, three-year early college program serving students throughout Macomb County. It represents an extraordinary partnership among the 21 Macomb County school districts, the MISD and MCC. Our 24 students attended Lake Shore High School classes, as well as on Macomb Community College’s campus, and engaged in an exciting college preparatory, career-focused curriculum taught by both high school and college instructors. The ECM offered the ability to select diverse college courses related to the student’s educational and career goals, and enhanced this opportunity for Macomb County students through tutoring, mentoring, and student skills instruction.

These graduates earned the 62 college credits required, which can now be transferred to a four-year college or university. Hannah Watkins received her degree in Entrepreneurship-Innovation Association of Business Administration. She will be transferring to Walsh College for a Marketing BBA with the goal of owning her own photography business.

**Upcoming Events**

**May 23**

Lake Shore High School Prom @ 7:00 pm

**May 24**

District Half Day
