Date	Class Name	Description	Time	Cost
Mon/Tue				
6/24-6/25	Game Design	You will program your own interactive stories, games, and animations — and share your creations with others in the online community.	9:00-2:30	\$90
6/24-6/25	Minifig Stop Motion Animation	Everything <u>is</u> awesome when you're making your own movies using Lego Minifigs. You'll have a chance to produce, write, direct, and even star in your own minifig mini movie.	9:00-2:30	\$90
6/24-6/25	3D Design with Tinkercad	Design and create your own toys, jewelry or models with Tinkercad an easy, free 3D design program for all.	9:00-2:30	\$90
6/24-6/25	Minecraft: Adventures	Looking to take your Minecraft skills to the next level? We'll be using the <u>creative version</u> of Minecraft to work as a team. Basic knowledge of how Minecraft works is suggested for campers who register for this class.	9:00-2:30	\$90

Date	Class Name	Description	Time	Cost
Wed/Thurs				
6/26-6/27	App Inventor	MIT App Inventor is a blocks-based programming tool that allows everyone, even novices, to start programming and building fully functional apps for Android devices.	9:00-2:30	\$90
6/26-6/27	*New* micro:bits	micro:bit is a handheld, programmable building micro-computer that can be used for all sorts of cool creations. Come join us while we program micro:bits to do all sorts of amazing things from making our own pets to pedometers, games and even more!	9:00-2:30	\$90
6/26-6/27	3D Design with Tinkercad	Design and create your own toys, jewelry or models with Tinkercad an easy, free 3D design program for all.	9:00-2:30	\$90
